

QUALITY POLICY STATEMENT

ISSUE 3

MAY 2023

Our objective is to improve our business performance by continually striving for improvement in all areas of Company activity.

We aim to achieve this through:

- Ensuring compliance to acknowledged best practice, plus an ongoing commitment to improvement in all areas of activity through the taking of appropriate and positive action following the monitoring, recording and analysis of data re performance, non-compliance, internal audit and customer satisfaction.
- The involvement, training and recognition of achievement of our employees.
- The consideration and adoption of methods of improvement relevant to our industry and the integration of other initiatives i.e. H&S, where the ISO disciplines would be of benefit.
- The company is committed to continual improvement for the QMS
- The establishment and review of objectives.

This policy will be reviewed annually to ensure continuing suitability re our customer/legal obligations and the prevailing trading situation.
